FOOTBALL INDUSTRY COLLEGE

THE INNOVATIVE UK FOOTBALL EDUCATION PROGRAMME

As the Director of Education, it's a pleasure to welcome you to our Football Industry College.

Our innovative Football Industry College combines modern academic study, practical hands-on learning and the experience of work for anyone aged 16 to 19 years within the exciting environment of the football industry.

Our mission is to prepare learners for success tomorrow by engaging them in rigorous and relevant learning opportunities, that promote academic, physical and emotional growth to enable them to reach and expand their potential.

Combining a passion for football with our innovative education development programme, you can study towards a Level 2 Diploma in 'Sport' or Level 3 Diploma in 'Working in Sport or Sport & Exercise Science' (equivalent of 3 A-Levels), which provides you with pathway onto university, U.S scholarship, apprenticeship and future employment within the many exciting careers of the football, sport and leisure industries.

Learners also have the opportunity if required, to enhance their Maths and English skills, including re-sitting their GCSE's or completing functional skills, along with support in achieving industry recognised football coaching or fitness & personal trainer qualifications.

Delivered at state of the art facilities by our experienced tutors and UEFA qualified coaches, we ensure learners not only develop their game to their highest ability, but gain the industry skills, knowledge and experiences through their weekly enrichment hours, to truly support their future pathways in kicking off their careers, across the many exciting roles within the football and sport industry.

We have many open days planned throughout our various venues. I hope to see you at one of our open days, welcome you onto the programme and introduce you to the team.

Thank you

Darren Cox
Director of Education

YOUR COURSE OPTIONS

NCFE LEVEL 3 EXTENDED DIPLOMAS IN **WORKING IN SPORT OR SPORT & EXERCISE SCIENCE**

It is for post-16 learners who want to continue their education through applied learning, and who aim to progress to higher education or employment within the sport, leisure and exercise science sector. The qualification is wide-ranging and equivalent in size to three A Levels, and has been designed as a full two-year study programme.

The course provides the opportunity to develop a range of practical skills and techniques, personal skills and attributes essential for successful performance in working life in this area.

Course entry requirements?

5 GCSE qualifications at grade 4 (C) and above (preferably including English & Maths) **or** Merit overall, achieved from a full level 2 qualification.

What do I do if I don't get the grades?

If a student does not meet the entry requirements above then in year one they may be enrolled onto NCFE Level 2 Certificate in Sport (see below). Once this is complete then they will progress to the NCFE Level 3 Extended Diploma in Sport.

How will I be assessed?

Through a combination of both theory, practical and enrichment learning, there will be on-going assessment throughout the course where you will develop a portfolio of evidence. 100% Coursework.

Enhance your Maths & English skills

Students will also have the opportunity to enhance their Maths and English including re-sitting their GCSE's or completing functional skills.

Overview of Study

- Preparing for a Career in Sport
- Exercise, Health & Fitness
- Anatomy & Physiology
- Encouraging Active Lifestyle
- Work Experience
- Ethics & Values
- Assessing Risk in Sport
- Sports Coaching
- Leadership in Sport
- Practical Team Sport
- Sports Nutrition
- Fitness Testing in Sport and Exercise
- Fitness Training in Sport and Exercise
- Analysis of Sports Performance
- Current issues in Sport
- Sports Injuries
- Organising Sport Events
- Instructing Physical Activity
- Applied Strength and Conditioning

NCFE LEVEL 2 **CERTIFICATE IN SPORT**

This qualification is suitable for post-16 learners and will give the introductory skills to either start a career in sport or progress within employment in the sector. This qualification can also prepare learners for higher or further education and progression onto NCFE Level 3 Extended Diploma in Sport (see above). Designed as a one-year study programme.

Course entry requirements?

3 GCSE qualifications at grade 3 and above. Learners may still enrol on the Level 2 course if the above requirements are not met as learners may demonstrate the ability to succeed in other ways.

How will I be assessed?

Continuous on-going assessment Through both theory, practical and enriched learning. 100% coursework

Overview of Study

- Participating in sport
- Understanding business in sport
- Preparing to work in the sport & leisure industry
- Plan and set up an Enterprising Sport Business

"Learning from UEFA certified coaches not only helped develop my playing career but also gave me community coaching opportunities and help in obtaining my FA Level 1 in Coaching. With the goal of going to university, I had great support ensuring I passed my qualification and selected the right university for me to study Sports Performance."

INSPIRING SPORTING & EDUCATIONAL SUCCESS

"In my first year with the Football Industry College I have been able to access so many experiences into the many roles in the football industry and the pathways to succeed. And alongside studying for my Diploma and improving my GCSE Maths & English, the coaches have supported me in improving my game and finding me a competitive ladies team."
