Matt Clarke works in Bristol...

"I feel in charge of myself and future. At Europa you really get out what you put in. I thrive on the responsibility that I have at work, making real commercial decisions every day. I wanted a real career opportunity after trying other roles and a short stint at University and Europa gave me that. I put the time in and applied the right attitude and I now feel proud and excited for what is to come.."

I could not imagine being anywhere else and undertaking any other opportunity. I see this as my career now, not just logistics, but at Europa.

Samuel Foreman, RAPID 2019

Abbey Brookes is based in Birmingham...

"Two years and three roles later I am a Senior Account Manager hitting my targets and seeing my name near the top of the regional leader board each month. I feel inspired to work hard all the time. You can be as successful as you want to be and if you work hard you will get rewarded"
