

## Half term 3 lesson break down

The dates are approximate as your class may be working at a different point.

If you are unsure of where to start, you need to send a message to your teacher on class charts.

There will also be an additional **homework task** set each week. You need to ensure that this is completed and **uploaded** on classcharts. Please self-mark any work you do from the video links using the solutions on the videos.

Week number	Lesson
<b>16</b> <b>Week beginning</b> <b>4<sup>th</sup> January</b>	<ul style="list-style-type: none"><li>Negative numbers</li></ul> <a href="#">Using inequalities with negative numbers.</a> <a href="#">Write integers which satisfy and inequality.</a>
