If they do not have an afternoon examination, they will attend their normal timetable and finish school at the usual time.

Shaded lessons refer to normal timetabled lessons

Year 11 Summer Examinations 2024

The table below shows the summer examination timetable for all subjects.

Your child will need to highlight the subjects that they study.

Nearer the examinations, they will receive an individualised version of the timetable including their seating plans.

As in previous years, we will not be offering study leave during the examination window. Students will be expected to continue to attend school until their examinations are all completed.

All students must ensure that they are available until the end of school on Wednesday 26th June 2024 as examination boards build in contingency days in case there is an issue nationally that requires a paper to be delayed or re-taken.

All students should be in their form rooms by 8:35 each day in their full school uniform during the examination period. If a student misses a paper without medical evidence, families will be charged for the cost of the missed examination.
