Dear Students/ Parents/Carers,

Re: Year 11 Mock Examination Feedback

The last written mock examination was completed on Friday, and students will return to their normal timetable for the remainder of this term, including the return of the period 6 English lesson every Monday.

Students will be keen to know how they have performed, and whilst staff endeavour to provide prompt feedback, the timeframe for marking will differ for each subject.

Subjects marking and returning papers before the end of term are most likely the subjects where students completed papers early in the examination window, that are taken by relatively small numbers of students, or that require little or no internal moderation to ensure that the same standard of marking is applied across all classes.

Rather than having a single date, which would likely be after the Christmas break, we provide feedback on a subject-by-subject basis.

The table below lists when students should expect to receive feedback from each subject.

Subject	When should you expect feedback?
Computer Science	During lesson time from 15 th December onwards

We ask that students respect the deadlines shown here and do not request results from their class teachers before the published dates.

Yours faithfully,

Mr C Heggs (Assistant Headteacher i/c Examinations)
